About Communication and Media Abroad

AIFS offers courses in multiple locations for communications and media studies majors. Some examples can include understanding the history of the BBC while in London, or working with Fashion journalists in Rome. In several cases what is listed is just a sample of what's available at the host university abroad. Internship opportunities are also available for academic credit. Internal Internships are an excellent way to gain practical experience and build your resume.

Featured Fields

- Journalism
- Photojournalism
- Communications
- Public Relations

AIFS Abroad also offers international internships related to these fields! Similar to study abroad programs, an international internship program allows you spend time abroad while gaining professional working experience. You may even be able to receive credit for an internship! If you're interested in learning more, visit www.globalexperiences.com.
