About Health Science and Professions Abroad

AIFS is pleased to provide many exciting opportunities for Health Science majors to study abroad, with relevant courses and, in many locations, hands-on experiential learning opportunities which provide valuable insight into health care in an international setting. Studying abroad in your field, particularly with an experiential learning element, could be the differentiating factor to make your résumé stand out above others when applying for jobs or post-graduate opportunities.

Featured Fields

- Nursing
- Exercise Science
- Human Performance
- Kinesiology
- Nutrition
- Occupational Therapy
- Physical Therapy
- Speech Pathology

AIFS Abroad also offers international internships related to these fields! Similar to study abroad programs, an international internship program allows you spend time abroad while gaining professional working experience. You may even be able to receive credit for an internship! If you're interested in learning more, visit www.globalexperiences.com.
