QUICK FACTS	
COUNTRY'S POPULATION:	92.7 M (UNITED STATES: 301 M)
POPULATION:	8.6 MILLION IN HO CHI MINH CITY PROPER
POPULATION:	13 MILLION IN METROPOLITAN AREA
LOCATION:	ON THE BANKS OF THE SAIGON RIVER
ESTABLISHED:	1698

Just like the country's famous strong coffee with sweet milk, Vietnam's bitter past is balanced with the sweetness and beauty of its people and landscape. The country has undergone significant changes over the past couple of decades and the resilient Vietnamese are showing they have what it takes to join the global economy. Studying in Ho Chi Minh City will put you in the middle of a country that honors its traditions while zooming ahead into the future. Ancient pagodas and skyscrapers dot the skyline as locals and people from around the world eat their morning meal everywhere from the side streets to world class restaurants. The exhilarating hustle of this major city, still known to many as Saigon, provides students with the opportunity to live in a fascinating city while learning about the region's history and culture, as well as taking classes for your major.

RMIT UNIVERSITY

- Founded in Australia in 1887, RMIT University is known as a global university of technology and design. In 2000 it became the first international university in Vietnam.
- RMIT University Vietnam offers programs in business, technology, communication, design and fashion.
- RMIT has a reputation for providing practical education, training and research. Programs are developed in consultation with industry leaders to ensure graduates are employable.
- Learning outcomes and assessments for courses taught at RMIT's Vietnam campus are academically equivalent to those of RMIT Melbourne, one of Australia's largest universities.
- Students are taught by leading experts in their fields emphasizing international best practices, classroom learning experiences, self-directed and peer learning.
- This institution has some of the best facilities in Vietnam with a modern campus, green spaces, a state-of-the-art sport and recreation center, and more making it similar to what students would find at a U.S. campus.
